DENOMINACION: CAPILLA DE NUESTRA SEÑORA DE LORETO

REGISTRO DE EVIDENCIA CON ELEMENTOS ORIGINALES PREHISPANICOS REUTILIZADOS

[illegible]

REGISTRO FOTOGRAFICO-INTERIOR(S)

A wide-angle photograph of the interior of the Basilica of San Giovanni Battista in Vigonza. The image captures the nave, characterized by its high, vaulted brick ceiling and light-colored stone walls. A prominent wooden balcony with a dark railing runs along the upper side walls. The floor is dark and polished. In the center, a large, ornate chandelier hangs from the ceiling. The far end of the church shows the altar area, with a wooden crucifix and a small arched niche above it. Rows of dark wooden pews are visible on both sides of the nave.
